profile

Meticulous web developer with over 2 years of front end experience and passion for responsive website design.

I recently completed the JavaScript / DOM / Interfaces professional course from JAVASCRIPT.INFO (Ilya Kantor's course) for a strong experience in web development. I have been familiar with programming for over 30 years. Over the past years I have devoted myself to web development with Java script.

skills

programming

- ★★★★★ JavaScript (JavaScript, Bootstrap, jQuery, React, Vue)
- ★★★★★ Build processes (Webpack, Gulp)

projects

Landing Page for the Metaphoric Cards Specialist

2021-05
till now

This landing page was made for a psychologist and metaphoric cards specialist to advertise a learning course. The purpose of the page to give an information about an off-line metaphoric cards course that the specialist provides in Rostov-on-Don and to connect potential students with the course provider.
